# Sa Among Eskuylahan

The Kinder class is set to take a tour around the school. They will get to know the different people in school, where they work and what they do. The teacher paired the children up in a “buddy system” and reminded them to stay with the group so they will not get lost. They went to the principal’s office, the library, the canteen and the clinic. One boy was excited to read the books in the library and told his “buddy” that they should go back there. They went back to the library and looked at different books. The Kinder class arrives at the school grounds where the teacher gives them time to play with their classmates. She notices, however, that there are two children missing. The librarian then comes with the two children with him. The teacher talked to the two children and told them that she was worried when she could not find them. She reminded them about the rules, and said that they should have stayed with the class. The two children apologized to their teacher and promised that they will not do it again. The whole Kinder class then went to the library to read some books.

**USAID**  
FROM THE AMERICAN PEOPLE

This storybook was produced with the generous support of the American people through the United States Agency for International Development (USAID) under the USAID Basa Pilipinas Activity and the Department of Education.
