Andam na si Nino

Niño is afraid to move up to Grade 1. He says he is afraid of who will be his new teacher and classmates. His teacher assures Niño that he is ready by looking back at the things they did in Kindergarten during the past year, how much fun they had and how well he did in the activities and with his classmates. Niño realizes that he is prepared for Grade 1 and looks forward to having as much fun as he did when he was in Kindergarten.
