# Tinuod nga Managhigala

Five friends—Eyes, Ears, Nose, Tongue and Skin—live in a place called Face Town. They are playing happily when Nose trips. He thinks that Eye pushed him so he gets angry and tells everybody that he is the most important among all of them. They all get into an argument, each one thinking that he or she is the most important. Skin, who was just listening, tells them that they should not be fighting about who is the most important because all of them are equally important.
