Coding Is Everywhere
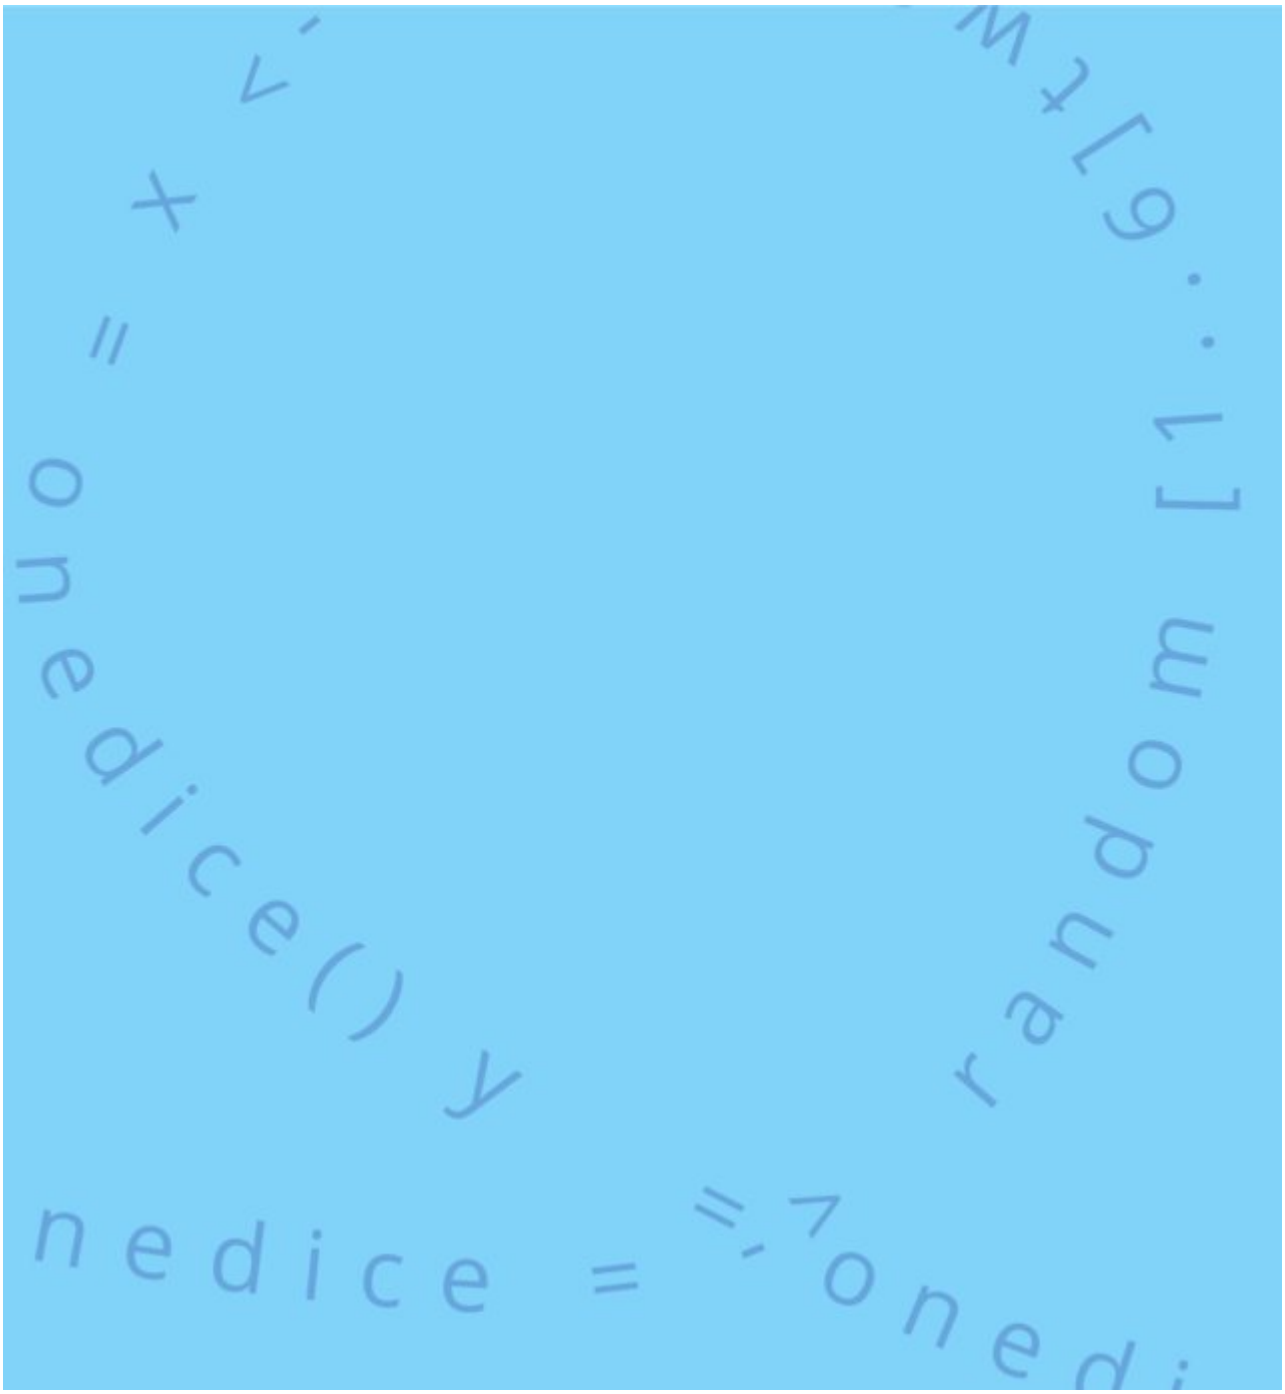
Author: Maggie Johnson
Illustrator: Ma'ayan Rosenzweig



Everyone is talking about coding!

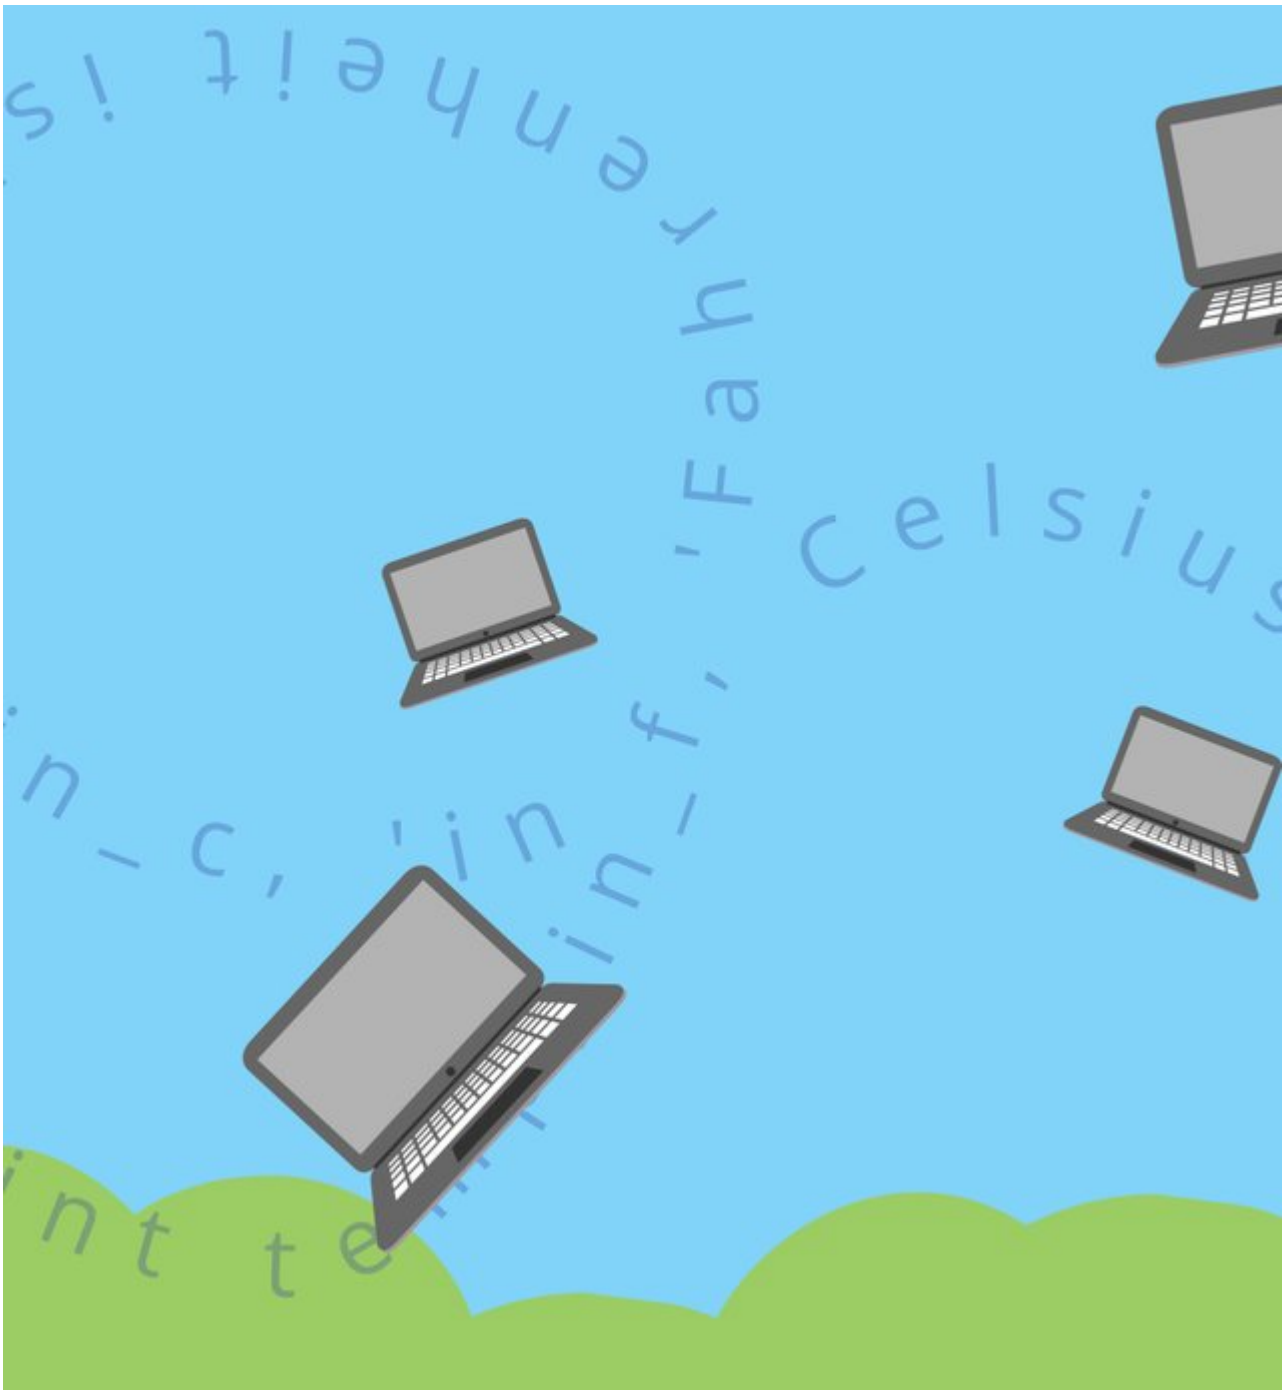
So, what is it?

Coding is like a super secret language...

... but you don't have to be a superhero or a secret agent to use it.

Anyone can code!

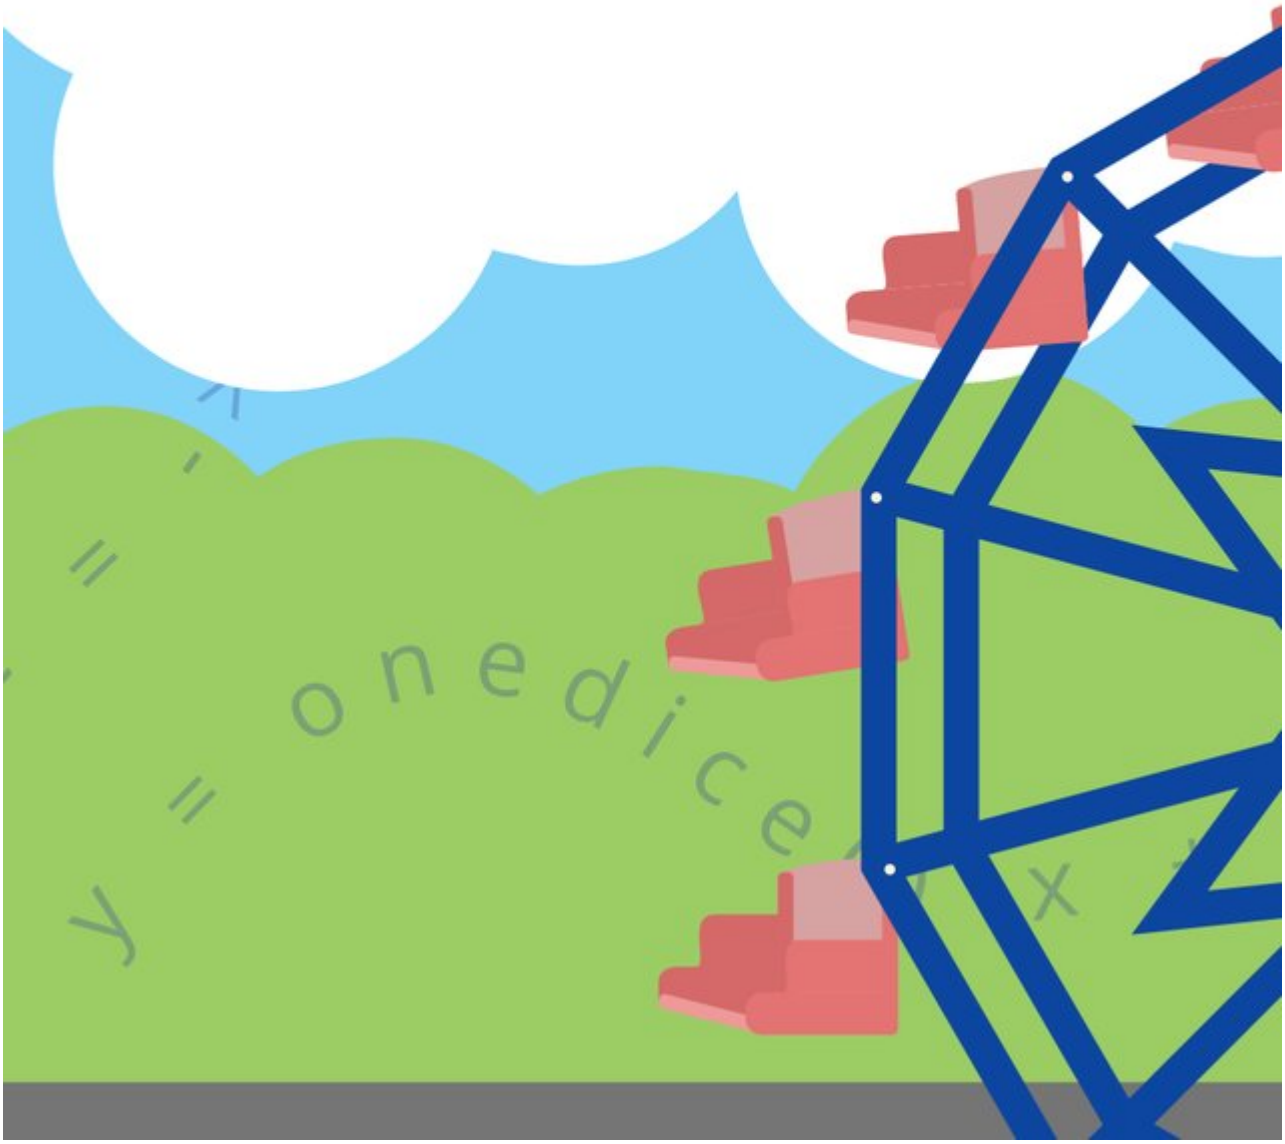
Everyone can code!



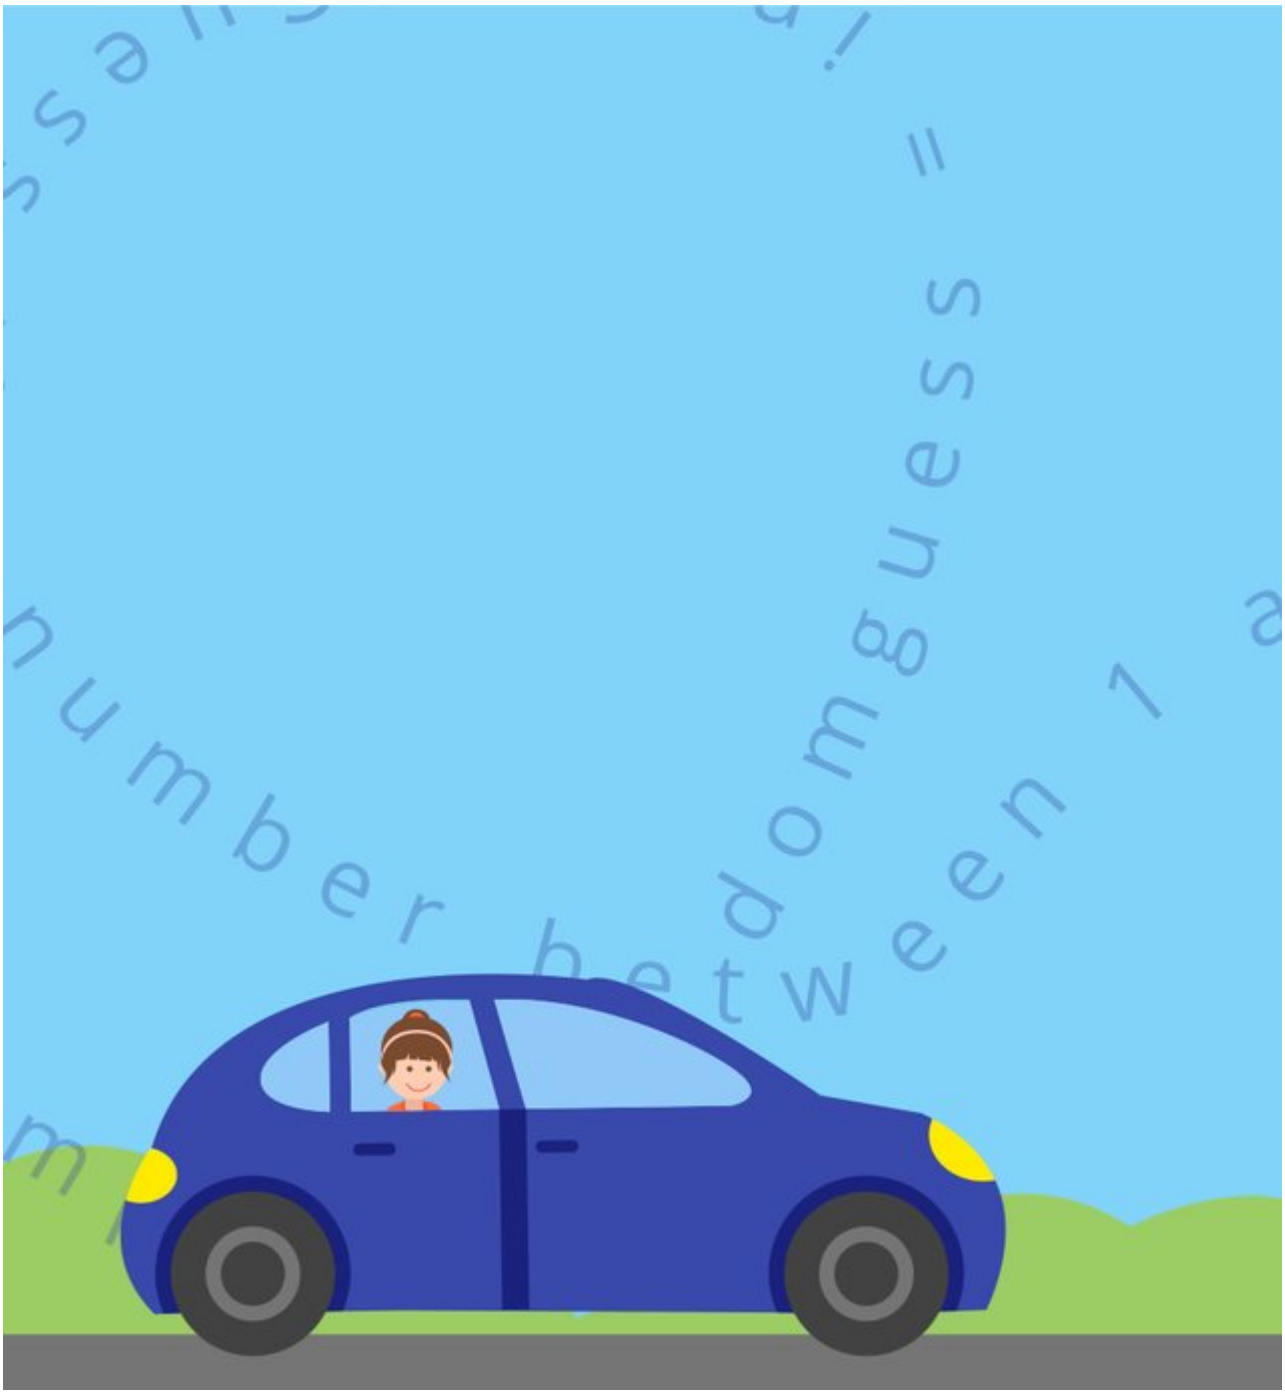
Code is written on a computer.

It helps make amazing things all around us.

Coding is used to create many of your favorite movies and video games.



It helps design buildings, bridges, and amusement park rides.



Coding is even used to make flying robots, self-driving cars, and machines that help doctors save lives!

Want to know the real secret about coding?

It isn’t a secret at all!

All you need to start coding is a computer and your curiosity!

What will you code?

Get started coding:
